

REMARKS

The rejection of Claims 1 and 3-10 under 35 U.S.C. § 103(a) as unpatentable over U.S. 5,529,699 (Kuo et al) combined with other prior art, is respectfully traversed, for reasons previously advanced. Nevertheless, in the interests of advancing the prosecution, the claims now all contain the limitations of Claim 2, not subject to any rejection and found to be allowable by the Examiner. Accordingly, it is respectfully requested that the rejection be withdrawn.

All of the presently-pending claims in this application are now believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to pass this application to issue.
